BlueCross BlueShield of Illinois

Specialty and Complex Care Pharmacy Vendors (Pharmacy Benefit)

Specialty and complex care drugs that are FDA-approved for self-administration are typically covered under the member's pharmacy benefit. Some members' plans may require them to obtain these medications from an in-network specialty and complex care pharmacy for benefit consideration and will not provide benefits for any self-administered drugs dispensed by a physician. Please call the phone number on the member's ID card to verify coverage, or for further assistance or clarification about your patient's benefits.

Please note: Before these drugs may be covered, additional review and prior authorization may be required.

Below is a list of in-network specialty and complex care (Pharmacy Match) pharmacy providers for services covered under the member's pharmacy benefit.
